F.G. MILLER'S 2000 GRADUATING CLASS — in alphabetical order, are: Jena Bassett, Travis Brown, Tracy Carson, Peter Danyluk, Melissa DeSilva, Spencer Easthope, Mike Fry, Kenna Hillebrand, Preston Krankowsky, Dawn Lameman, Courtney Maksymec, Levi May, Terina Nixon, Cristin Oszust, Laura Oszust, Allen Paley, Ben Peterson, Michael Povaschuk, James Purdy, Kylee Saranchuk, Jamie Schnurer, Shalene Slywka, Tori Warawa, Chad West, Jonathan Yake and Tanya Yopyk. Also qualifying to graduate but unable to attend were Julie Bergstrom, Amanda Frisby, Thomas Goulet, Keri Myshaniuk, Shawna Nichols, Christopher Swedgan and Dustin Yaremkevich.

FGM salutes high achieving Grads 2000

Twenty six members of F. G. Miller High School's Class of 2000 were the toast of Elk Point Saturday night as they celebrated the earning of their high diplomas and accepted numerous awards at Graduation 2000. Another eight graduates were unable to attend the event.

F. G. Miller's staff was honored as well, as they entered the auditorium in the gowns of their college alma maters, each lighting a candle. They, in turn, lit the candles carried by the graduates as they marched in in burgundy and gold caps and gowns for their introduction by Mrs. Deb Kereluk and Mr. Lawrence Pidluzny. Principal Jim Hawkins then took over as master of ceremonies for the rest of the afternoon.

Vocalist Shaun Sheplawy remembered being on F. G. Miller's stage at his own graduation, and said "a lot of good memories were made here" as he saluted the grads with "Let The Memories Begin Again" from the musical, "Cats."

Ms Kandy Cameron gave the invocation, asking that the Class of 2000 "be blessed with faith... and believe that miracles do happen."

The Class of 2000 had two valedictorians. Peter Danyluk said the day was "a great achievement in our lives." Noting that "learning begins at birth," he thanked "our families for nagging us... our teachers for their positive mentoring... and for knowing us as people." He advised his classmates to "be what you want to

be, have confidence in yourselves. Life can be full of surprises, and remember that while the early bird gets the worm, the second mouse gets the cheese."

Michael Povaschuk reminisced about the many events that shaped our lives, as did the people they shared them with. He thanked his parents "who always let me know nothing could hold me back... the teachers for all their help through the years, and Jesus Christ for all He allowed us to accomplish." He exhorted his classmates to "look forward to a future bright and prosperous."

Class presidents Laura Oszust and Peter Danyluk presented the ceremonial class swords to Danny Wentworth

and Darcy Stafford, who are part of the Class of 2001.

School Council president Donna Slywka said that at a brainstorming session three years ago, a pledge was made to increase the percentage of students who would graduate, and a new policy put in place that only the students actually graduating would take part in graduation ceremonies. She congratulated the students who followed through on the plan on the "desire, effort and focus that enabled them to be here today," and thanked Laura Oszust, Jamie Schnurer and Peter Danyluk who spearheaded the fundraising which paid for most of the prom as well as the graduation ceremonies. She advised the grads

■ Volunteer Crime Fighters

Elk Point Citizens On Patrol now officially underway

By Russ Hebblethwaite
President, C.O.P.S.

The Elk Point Citizens On Patrol Society, or C.O.P.S., is officially underway. The C.O.P.S. concept is operating successfully in many towns across the province with positive results shown by all in terms of reduced crime.

The idea to start a C.O.P.S. program in Elk Point originated from Sgt. Lyle Marianchuk and the executive of the Community Advisory Policing Committee (CAPC). The CAPC is a volunteer organization comprised of members representing local service and church groups, industry, Chamber of Commerce, FCSS, County, Town and seniors that meets regularly with the RCMP to express their concerns, listen

to the RCMP position as to how they are dealing with certain matters, and provide input to the RCMP.

It was felt that a C.O.P.S. program in town would go hand in hand with the existing "Rural Crime Watch" and "Oil Patch Crime Watch" programs in letting would-be criminals know that Elk Point is definitely a place they had better think twice about doing business in. Like these other programs, C.O.P.S. serves as extra eyes and ears for the RCMP in watching for suspicious activity, however our patrols are conducted within the Town of Elk Point.

To date, Elk Point C.O.P.S. has over 20 members and the first patrol was conducted in late May, 2000, with patrols being run right through the

summer. All members must be security screened and then go through a basic two hour familiarization course conducted by the RCMP. Members must patrol in pairs, with patrols generally conducted in the evening hours. We will have a booth at the September 12 Information Night in the Elks Hall and would encourage anyone interested in joining to stop by the booth and speak to our representatives. They will be happy to provide you with further information on the program and what it involves. We are going to be on a recruiting drive this month as more members are needed to run this program to its maximum potential. All it takes is one evening per month and you will be doing your part to "Make Our Community a Safer Place."

I'd like to take this opportunity to extend a tremendous "Thank You" to the following

businesses, who contributed funding or material to get the

Starr Bros. Big Top Circus visits Elk Point

Excitement built in Elk Point Friday morning as the Florida-based Starr

Bros. Big Top Circus unfurled their gigantic tent north of the arena.

Youngsters and their parents gathered to pet the ponies and visit with a pair of aloof llamas as they eagerly awaited the moment the traditional Big Top would be hoisted into position. Then it was off to home to wait for the

big show to begin at 7 p.m., with fun for the whole family.

The circus was brought to town by the Elk Point Chamber of Commerce. Watch for further coverage in next week's issue.

PUMP RUN OF THE MONTH™

Good pump runs make wells profitable and create employment.

Kudu installed a 30 TP 1300 w/194 elastomer Progressive Cavity Pump in the Elk Point area in well 5C-23-56-6W 4M on October 15, 1997. It was pulled on January 10, 2000 after a run of 26+ months.

Community Information Night coming next Tuesday

By Deanna Easthope
FCSS Director

Yes, September 5 has arrived and our children are back in school. Can you believe out summer is really over! Now fall is here and we are back to routine with those activities which start now and run through the winter months.

Do you all remember or know what is happening in our community? The annual community information night is a good time to refresh your memory or find out what is happening in our town of Elk Point.

The place is the Elks Hall. The date is Tuesday, September 12, 2000. The time is 7 to 9 p.m. Come and find out information about the clubs, organizations and "people helping" agencies of any kind who are in or bring service into our town of Elk

Point. You will not only be able to gather information on several different interest areas of your choice, you will also be able to enter the many draws at each table.

Speaking of gathering information and since school has just started again for our children, I thought you might be interested in reading about the "Rules for Teachers in Merrivale, Indiana in 1872."

"Teachers each day will fill lamps, clean chimneys... Each teacher will bring a bucket of water and scuttle of coal for day's session... Make your pens carefully. You may whittle nibs to the individual taste of pupils... Men teachers make take one evening a week if they go to church regularly... After ten hours in school, teacher may spend remaining time reading Bible or

other good books... Women who marry or engage in unseemly conduct will be dismissed... Every teacher should lay aside from each pay a goodly sum of earnings for his benefit during his declining years, so he will not become a burden on society... Any teacher who smokes, uses liquor in any form, frequents pool or public halls, or gets shaved in a barber shop will give good reason to suspect his worth, intention, integrity and honesty... The teacher who performs his labour

faithfully and without fault for five years will be given an increase of twenty-five cents per week in pay providing the Board of Education approves... Teachers could be licensed to teach with only a few weeks of college and by passing a county test in Crown Point." It was also noted in those years that many beginning teachers in school were still teenagers.

Yes, times have changed, haven't they? The rules for teachers have changed along with

what we all expect of our teachers has changed. But the focus on learning is still recognized as something we all need no matter what our age. Therefore, even though our children are back in

school, our community still has other activities and opportunities for further learning. Come to Community Information Night and discover for yourself.

GRANDPARENTS' DAY PROCLAIMED -- Mayor Ed Buck signs the proclamation designating Sunday, September 10 as "Grandparents' Day" in Elk Point. Margaret Modin and Donna Chamberland witness the signing.

■ Proclamation

Grandparents' Day

WHEREAS, wisdom is a valuable attribute that can only be earned through a lifetime of giving and taking, of living and loving;

AND WHEREAS, Grandparents are a source of wisdom and loving kindness to whom we can turn for comfort and guidance;

AND WHEREAS, the generations that came before us laid the foundation for all that this town, this province and this country have become;

AND WHEREAS, many seniors and their organizations have asked the Alberta Council on Aging to promote the recognition of Grandparents' Day;

THEREFORE, I, Mayor Ed Buck, DO HEREBY PROCLAIM SEPTEMBER 10, 2000 "GRANDPARENTS' DAY" in Elk Point.

Signed,
Ed Buck
Mayor of Elk Point

Beat the brown bag blues

By Linda Fox, RD
Elk Point Health Centre

Back to school means packing lunches. Boring lunch items are left uneaten, get traded or thrown out - leading to the brown bag blues for you and your child.

Kids are more likely to eat their lunch if they are involved in shopping for it. Have them choose the type of granola bar, fruit, cheese or bread at the grocery store. Variety is one way to prevent the brown bag blues.

Children are also more likely to eat lunch if they choose what goes in it. You can offer a variety of healthy choices for lunches (that they helped buy) and your children can help

pack their own. An insulated lunch bag and ice pack will improve the taste of puddings, yogurt, drinks, sandwiches and cheese by keeping them cold.

According to registered dietitian Diane Morris, Ph.D., consumers consider the fun value of a food to be more important than its nutritional value. "Cool" lunch items keep lunch interesting and are more likely to be eaten.

Here are some examples of "cool" foods that your kids will love. Leftover pizza is always popular and covers the four food groups! Wraps are great because they are so versatile. Fill them with anything from peanut butter and banana to

leftover chicken stir-fry to veggies and cheese. Add variety by changing the flavor of the wrap - plain, sun-dried tomato, whole wheat and spinach all add a different twist to the same old sandwich.

Registered dietitian Diane Britton adds, "kids eat lunch quickly so pack fun and easy to eat foods. Convenient and healthy items include yogurt in a tube, cheese sticks, pretzels, bagels, carrot sticks, crackers and cheese and oatmeal cookies. Remember, variety wards off those brown bag blues!"

For more information contact Linda Fox, Registered Dietitian, Elk Point Health Centre.

■ From the Legislature

Increased kindergarten hours will strengthen early child development

By Paul Langevin, MLA
Lac La Biche - St. Paul

As they begin school for the first time this fall, Alberta's 42,000 kindergarten students will benefit from new provincial support. Kindergarten time will be increased from 400 to 475 hours per student, meaning that kindergarten students will now be able to attend school for entire half days throughout the school year.

It has been established that young children benefit from programs to assist them in making the transition from home to school. This increase in kindergarten hours will provide teachers with an even greater opportunity to prepare children for entry into Grade

One and to help them develop a positive attitude toward lifelong learning.

In announcing the increase, Learning Minister Dr. Lyle Oberg declared that a strong, healthy educational start is vital to student success. The Minister explained that the new kindergarten funding will help provide Alberta children with a solid base to build upon as they embark on their education journey. He added that the Government listened carefully to the views of parents, stakeholders and other Albertans before making its decision to increase the number of funded hours for kindergarten.

School authorities will receive \$45 million from Alberta Learning to cover the

increase in hours and will have until January 31, 2001 to have resources in place to accommodate the change. Local authorities will now receive \$2048 per kindergarten student, a substantial increase from the previous allocation of \$1306 per child. Children with mild or moderate special needs, who previously received an additional \$1444, will now receive an additional \$2000. These funding increases are in addition to the \$12.6 million in new funding for Early Childhood Services that was announced in Budget 2000.

If you would like to contact me on this or any other issue, I can be reached at Box 1848, St. Paul, Alberta, TOA 1A0.

Backyard birdwatchers needed to help monitor bird populations

Bird Studies Canada and the Canadian Nature Federation are calling on bird enthusiasts from across the country to help monitor winter birds in Canada. You can participate in this important bird research - without ever leaving home! - by joining Project FeederWatch.

Founded in 1976 as the Ontario Bird Feeder Survey, Project FeederWatch now has over 15,000 participants across North America. These "Feeder Watchers" tell scientists how winter bird populations are growing or declining, and how their continent-wide distributions are changing - information that is crucial to effective bird conservation programs. Project FeederWatch is a joint project of Bird Studies Canada, the Canadian Nature

Federation, the Cornell Laboratory of Ornithology and the National Audubon Society.

It's easy to become a FeederWatcher. Just watch birds at your backyard feeder once every two weeks from November through March. Count the kinds and numbers of birds you see, record the information on FeederWatch data forms, and send the forms back to Bird Studies Canada in the spring for analysis. Or, enter your data through our interactive web page, and, at the same time, keep track of everybody's results!

Participating in Project FeederWatch is easy, and for an annual \$25 registration fee, participants receive the FeederWatch instruction booklet, resource manual, data

forms, a bird calendar, a beautiful poster of common feeder birds, and three issues of the newsletter BirdWatch Canada, as well as the Bird Studies Canada Annual Report. Bird Studies Canada is an independent, non-profit research institute studying birds and their habitats for conservation.

Make the winter months a lot more fun by watching birds at your feeder, and turn a backyard hobby into valuable conservation research by joining Project FeederWatch. There are several ways to register. Fill out our online form at <www.bsc-eoc.org/pfwsign.html>, write to P.O. Box 160, Port Rowan, Ontario NOE 1M0, e-mail at pfw@bsc-eoc.org or call Bird Studies Canada toll-free at 1-888-488-BIRD (2473).

REPORT to ALBERTANS

Financial Assistance for Post-secondary Students

Scholarships

Alberta Heritage Scholarships recognize everything from academics and the arts to community involvement and athletics. Awards are available for high school, undergraduate and postgraduate students and to apprentices. New scholarships now available include:

- The Jason Lang Scholarship awards \$1,000 to second-year students who achieve an 80% average in the first year of post-secondary studies.
- The Laurence Decore Awards for Student Leadership offer \$500 to 100 post-secondary students who demonstrate outstanding dedication and leadership to fellow students and their communities.
- The United World College Scholarships, now renamed the Grant MacEwan United World College Scholarships, have two new \$25,000 awards. That means there are now eight annual scholarships for Grade 11 students to study at one of the United World Colleges around the globe.
- The RAP Scholarship recognizes academic and trade-related accomplishments of up to 50 students taking part in the Registered Apprenticeship Program (RAP) while still in high school. The scholarship awards \$1,000 toward the costs of continuing into regular apprenticeship programs. Applications will be available in spring of 2001.

For more information contact your school's student counsellor or awards office. You can also look in the blue pages of the phone book under Canada-Alberta Service Centre or search on-line at www.alis.gov.ab.ca.

Student Loans

A number of changes were made to Alberta's student loan program for this fall:

- The yearly maximum student loan amount has increased
- Student monthly part-time earnings exemption has increased to \$225
- The yearly scholarship exemption has increased to \$1,600
- The loan remission program has been expanded by \$17 million
- Interest relief on student loans has increased from 30 months to 54 months

Check the status of your student loan with the toll free 24-hour students' finance automated telephone service at 1-800-222-6485.

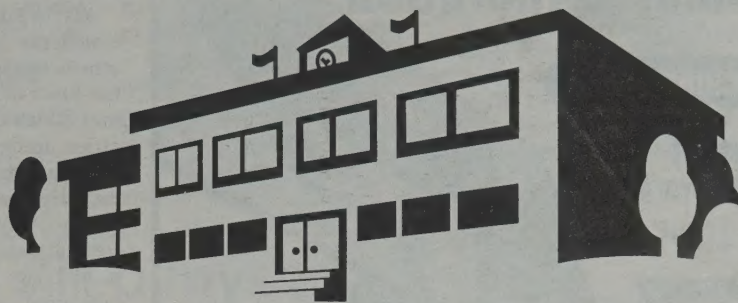

DID YOU KNOW?

Low-income post-secondary students can access medical, optical, dental and ambulance services for their children through the Child Health Benefit Program. For information call (780) 427-6848. For toll free access dial 310-0000.

Alberta's 13 and 16-year-old students continue to out perform students across Canada, according to a 1999 nation-wide science assessment.

We're one of the most educated populations in the country, with 55% of Albertans aged 25-54 holding a post-secondary education.

The Alberta Government will spend a total of \$4.6 billion this year for K-12 and post-secondary education. An additional \$448 million will go towards new school construction and renovations.

Back to School

Many Choices for Albertans

When it comes to selecting a school, parents and students can choose from a wide range of options. Albertans can select from public schools, separate schools, francophone schools, charter schools and private schools. Students can also access a number of unique and innovative programs – ranging from language and outreach programs to virtual schools. Parents can also opt to home school their children. Choice is one of the important principles Alberta's basic education system is built on.

What's new this fall?

1 Curriculum Changes

The province is responsible for determining what students are expected to learn from Kindergarten to Grade 12. Alberta Learning works with parents, teachers and educational partners to design curriculum and provide authorized resources that meet the needs of learners and educators. Alberta's curriculum is updated regularly to ensure what our students are learning is current and relevant.

Several K - 12 programs have been updated for implementation for the 2000-2001 school year. They are:

- Applied Mathematics 10 and Pure Mathematics (Senior High)
- English Language Arts (Kindergarten through Junior High, Grade 10 pilot)
- French Language Arts/Français (French Immersion and Francophone students)
- Information and Communication Technology (Elementary to Senior High)
- Physical Education (Elementary to Senior High)
- Green Certificate programs (Agriculture Programs for Senior High)

2 Increased Kindergarten Hours to Strengthen Early Child Development

An additional \$45 million in funding from Alberta Learning will allow Kindergarten students to attend school for full half-days during the school year.

3 School Improvement a Key Focus

School improvement is the focus of a new province-wide program being introduced this fall. The Alberta Initiative for School Improvement covers a range of locally designed programs aimed at improving student learning and achievement. A total of \$66 million will be spent this year on initiatives ranging from smaller class size projects to literacy and numeracy programs. Talk to your local school board about the specific initiatives in your community.

4 Updated Parent Handbooks Now Available

Curriculum Handbooks for Parents are available free from Alberta Learning's website at www.learning.gov.ab.ca. They can also be purchased for \$3.50 for Kindergarten to Grade 9 booklets or \$4.50 each for Senior High booklets. Contact the Learning Resources Distributing Centre at (780) 427-5775 or the Queen's Printer Bookstore at (780) 427-4952. For toll free access outside of Edmonton, dial 310-0000.

Parents are Important Partners in Education

School Councils give a voice to parents and community members in their local schools. A council is comprised of parents, the principal, teachers, students and community members. School Councils are encouraged to provide input on school board policy, educational directions and student programming. School Councils are only one of the ways parents can be involved. Contact your school to find out more.

Apprenticeship A Smart Career Choice

Alberta has approximately 30,000 registered apprentices covering more than 50 different trades. Apprentices can choose how their training will progress and, with the Registered Apprenticeship Program (RAP), can even choose to start training while still in high school. Apprentices always get paid for their work. For more information on the RAP program, or on how to become an apprentice check out www.tradesecrets.org or contact a Canada-Alberta Service Centre listed in the blue pages section of the phone book.

(Continued From Front Page)

to "choose your peers wisely... be a good friend... and stay on good terms with your family."

Mayor Ed Buck congratulated the grads on their achievements on behalf of the Town of Elk Point, and said "at your age, opportunities are great to make your parents even prouder than they are today."

Ray Danyluk brought a congratulatory message from the Board of Education, and added his

own thoughts on the event. "Grad is not just an academic accomplishment, but personal growth... your achievement comes from juggling priorities. F. G. Miller is not just a school, it's a community and a family.. where everyone has a chance to make the team or help with it, where you see the principal in a rusty old truck... This class has had cheers, jeers, fears and tears... and you live in a community where the sports reporter and the

newspaper editor know who you are." He noted that this class has the highest academic achievements in recent history, and may also have the highest percentage of students going on to post-secondary education. "You have a great start," he concluded. "Go forth and make your mark on the world."

MLA Paul Langevin congratulated the class on behalf of the Province and the Minister of Education, and reminded the graduates to thank their parents for the sacrifices they have made, the teachers for the hours spent guiding them through the school system. "Whatever you decide to do, I hope it will be successful," he concluded.

Scrolls, pins and key-chains were presented to each graduand by Mrs. Cheri Lindquist and Mr. Danyluk.

A number of awards were presented to deserving students. Please see next week's issue for a full rundown and photos.

The evening continued with a sumptuous banquet and toasts to the parents, teachers and graduates of the very special FGM Class of 2000.

Land For Sale By Tender

Offering Part of NW 1/4-17-56-4-W4, a triangular portion of approx. 68 acres that lies South of Highway 646 and East of North-South forced road. Approx. 20 KM east of Elk Point. what's NEWS at the LIBRARY?

Fall is in the air — Seniors Tea today, Storytime Friday

By Carlen Mutch
Elk Point Public Library

Yes, I did say last week that it would be my last article. But I have a feeling that I may be writing them for the next while, as I will be working here for a few more months making up some hours that I missed.

I have no Summer Reading Program news to talk about, but there is quite a big of new news here at the library.

Seniors Tea today

The first is that there will be a Seniors Tea this afternoon, September 5,

here at the library. It will start at 2:00 p.m. and I'm sure it will be a lot of fun.

Next, there will be a Storytime on Friday, September 8 at 10:30 a.m.

Attention: Horse Lovers

We have a new theme block here at the library

from Northern Lights. It is on horses, and there are books on horse care, breeds of horses, and just general horse stories, to name a few. If you are interested in horses, which I'm sure plenty of people are, please stop by and check it out. It will be here for the next few weeks.

Back to Regular Hours

Summer hours at the library are now over. Following are the regular hours, which start again today for the fall and winter season:

Monday - Closed
Tuesday - 1:00 - 5:30 p.m.
Wednesday - 2:00 - 9:00 p.m.
Thursday - 1:00 - 5:30 p.m.
Friday - 10:00 a.m. - 5:00 p.m.
Saturday - 11:00 a.m. - 3:00 p.m.

Developmental Disability INFORMATION SESSION

You are invited to attend an information session on the development of supports and services for children and adults with special needs.

If you have a child or adult family member with a developmental disability or challenging need, join us.

Where: Elk Point Seniors Recreation Centre, small conference room.

When: September 6, 2000

Time: 7:00 pm to 9:00 pm -- Refreshments served.

Participants will include the St. Paul Abilities Network (host), Sakaigun Asky Child and Family Services, St. Paul Regional School Division #1 and Persons with Developmental Disabilities Northeast Region Community Board.

Historical Happenings

Watch purchaser still a mystery

By Ron Onusko
Elk Point Historical Society

A pocket watch from times gone by is a mystery to the descendants of a historical figure in Elk Point's past. The location of a pocket watch presented to Alfred Monkman from perhaps a railway company or Canada Post is unknown. Alfred Monkman, married to Alice (nee Flett), delivered mail for 25 years from Vermilion, where it arrived by train, to postal offices north with the northern terminal being Elk Point. Alf later became the ferry operator just south of Elk Point at the North Saskatchewan River crossing for ten years. He died in 1942. His burial

place is a bit of a mystery as well.

His only child, Elizabeth Monkman, was married in Edmonton on December 23, 1943. Before she married her money did not amount to much and she needed a wedding dress. Her only possession of value was the watch formerly belonging to her father. She sold the watch to someone in Elk Point and although it did not garner her a great deal of money, it did allow her the chance to have a wedding dress.

In later years, Elizabeth Cole regretted parting with that watch. Today her son and daughter-in-law are trying to find the watch that once belonged to Alfred Monkman and later to

Elizabeth, both of whom have passed away.

Anyone who has further information as to who purchased the watch, its present location, or any other information about this watch is asked to call this newspaper (724-4087), Ron Onusko (724-3679) or Jim Cole (645-4398).

Happy Belated 50th!

Love from your family.
